Effective: March 2, 2019

## **DENSITY RULE**

Any shipment, which occupies 750 cubic feet or more cubic capacity, and has an average density of less than 6 lbs. per cubic foot, will be subject to a minimum charge as follows:

The applicable Class 77.5 rate multiplied by the calculated weight. The calculated weight shall be determined by multiplying the cubic capacity of the shipment by 6 lbs. for each cubic foot, or portion thereof and shipments subject to this provision will be subject to a 45% courtesy incentive for that shipment only. Conditions:

- (1) The provisions of this item are not applicable on shipments subject to capacity load or exclusive use of vehicle provisions or on TL or VOL rates and charges per vehicle or trailer used.
- (2) Shipments subject to the provisions of this item will not be subject to published incentives.
- (3) The cubic capacity of the shipment will be determined by totaling the cubic feet of each packaged unit in the shipment.
- (4) Any shipping unit that will not allow other freight to be loaded on or around it due to its irregular shape e.g. "Pyramid pallets" will be considered as being **96** inches in height for purposes of calculating density per cubic foot. Packaged units such as pallets, skids or cartons banded or shrink-wrapped into a single unit or units which due to their irregular shape on top (e.g., machines, etc.), or packaged units which are marked with instructions that no other freight is to be loaded on top (e.g. "Do not top load") are subject to the provisions of this paragraph. Notwithstanding the provisions of Paragraph 4, Item 110 of this publication, for the purpose of application of this item, multiple shipments tendered the same day consigned to the same consignee will be considered as a single shipment and will be rated subject to the minimum charge published in this item.

Density: Density shall be the result of the division of the weight of the articles(s) by the cubic feet ascertained from (1-4) above.

Freight Bill Information: When this item has application, the carrier's freight bill will indicate both the actual weight and the calculated weight upon which the minimum charge is assessed.

Application of Item: To determine when this item applies, an eligible shipment must first be rated and freight charges determined according to the applicable LTL rates and discounts or the otherwise applicable rates and charges. If the otherwise applicable net charges (exclusive of accessorial charges) and lower than the charges as determined by this method, then the minimum charge as determined by use of this item applies. The minimum charge as determined under the provisions of this item shall not be greater than the applicable truckload charge. Any overflow portion of a truckload shipment, which is charged for as a separate shipment, will also be subject to the provisions of this item.

Combining Shipments: For the purpose of applying this item and charge, when two or more shipments are tendered to Canadian Freightways and its partners from the same place during one calendar day to one place, they will be considered one shipment.

Shipments occupying 20 lineal feet of trailer or more will be subject to a charge based on 1000 pounds per lineal feet of trailer and rates will be based off the Current class 85 rate.

Shipments without a stated class will be subject to a minimum density of 10 pounds per cubic foot based on the class 100 rate. Exclusive Use Trailers subject to a charge of \$3.85 per running mile and a Minimum \$995.00.

**DETENTION OF VEHICLE (PICKUP AND DELIVERY SERVICES)**

a) When, due to no fault or negligence on the part of Canadian Freightways a delay occurs during loading, unloading or waiting to load/unload which exceeds the allotted "free time", as defined in paragraph (b), the following additional charges will be assessed:

<b><u>Rate per hour</u></b>	<b><u>Minimum charge</u></b>
\$90.00 (\$22.50 per 15 minutes)	\$45.00
<b><u>Shipments weighing or billed as weighing:</u></b>	<b><u>Free Time</u></b>
0 – 4,999 pounds	15 minutes
5,000 – 9,999 pounds	30 minutes
10,000 – 14,999 pounds	45 minutes
15,000 – 19,999 pounds	1 hours
20,000 - and over	2 hours

Note 1: In applying the provisions of this rule, calculation of time allowed will begin upon arrival of the pickup and delivery vehicle at the place of loading/unloading and will stop upon departure from the place of loading/unloading.

Note 2: Time is calculated in fifteen-minute intervals once free time has been surpassed.

Note 3: The free time allowance and delay time charges represent one vehicle and one driver/employee.

Note 4: Detention charges will begin instantly for shipments delayed for inspection or by customers as required at border crossings or inspection facilities.

**EXTRA LABOR OR HELPER**

Per man per 15 minute increments is a charge of \$22.50, Minimum \$90.00

**EXCHANGE RATE**

When Applicable Canadian Freightways will determine the exchange rate and freight exchange applicable to a shipment based on the date the shipment originates.

**EXHIBITION / TRADE SHOWS**

Shipments are subject to rating at minimum 125% of Canadian Freightways current Simply Rate Tariff Class 125. Please call 1-800-561-5555 for a rate quote.

**FORK LIFT:**

Shipments that require forklift service at shipper or consignee facility in the Continental United States will be subject to a charge of \$150.00 per half-hour or fraction thereof for each fork life used, subject to a minimum of \$200.00 per shipment. (Note: Forklift Service is subject to availability.) Charges shall be computed from the start of the actual use of forklift equipment in loading or unloading the shipment, and to run until the actual use of forklift equipment is terminated.

**FUEL SURCHARGE / CARBON TAX SURCHARGE/ INSURANCE & ENVIRONMENTAL SURCHARGE**

Canadian Freightways reserves the right to assess a Fuel Surcharge and / or a Carbon Tax Surcharge and / or Insurance & Environmental Surcharge to comply with Government regulations upon various weight breaks in addition to regular charges. Updated fuel surcharge rates are available on our website at [www.canadianfreightways.com](http://www.canadianfreightways.com) under the Supply Chain Services section or by contacting your local Canadian Freightways service centre.
